

Well today, in addition to the multiple signs, there is an LAPD car with two officers that is OFFICIALLY STATIONED (i.e. parked with flashing lights) right behind the signs...and making sure only residents go up that street. It's like that long street has a high-end uniformed, private security service preventing anyone but residents entering their area...paid for by the taxpayers of Los Angeles. And apparently the signs have a letter attached to the back of them from our former Councilman LaBonge "authorizing" the use of those signs. Let's face it, that would have zero chance of holding up in court as there is no legal basis for those signs/blockades.

Meanwhile, in Lake Hollywood at the Vista, there are now hordes of tourists and two park rangers stationed off to the side, perhaps making sure that no one parks on the wrong side of the street or smokes. Not like having an LAPD outpost at the bottom of a private street, is it?

There is something patently wrong with what is going on right now. Does anyone have a good explanation?

Thanks! Here's a handout that redirect visitors to Griffith Park, if you want to forward to whoever might be on duty, if it's helpful to have as a handout to redirect people out of the neighborhoods to view the Sign and into Griffith Park – though that itself will be very impacted today as well. We had Rec & Parks and the LAPD Cadets handing this out at Labor Day.

Thank you Capt. Zarcone and Chief Castro for your responses and to Rec & Parks for updating the sign at the bottom of Beachwood.

And thank you to all as always for your feedback.

Regarding Heather's suggestion, there already is a handout with directions directing folks to Griffith Park, and it's something they have been doing during periods of enhanced enforcement.

And as you know, redirecting visitors - before they even get up there -- to viewing locations away from residential neighborhoods is a part of solving the problem.

It's why we have been working with Rec and Parks on the the Griffith Park Action Plan including way-finding and mid-term solutions. We've been working with RAP to make this plan responsive to all communities and to ensure that its successful. More details will be available when the MND is released in early January and when we have our next public meeting on January 11th.

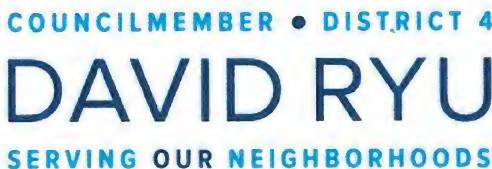

There has already been quite a bit of opposition voiced on this plan, and we need your support to make sure it is a success. Please mark your calendars for the evening of January 11th and plan on attending the next public meeting! More details on the meeting to come.

And finally, as to decisions and updates regarding Lake Hollywood Coalition's suggestions for the Vista, as was mentioned in prior emails, we will coordinate through Khaled. We're looking to set up a meeting in early January.

One more number I should have included with emergency contacts: 1-877-ASK-LAPD. It is open **24 hours** (as is the DOT #), and that's where you can direct concerns about parties, loud noise, etc.

I am out of the office beginning today. Have a very happy holidays!

Thank you,
Catherine
